## Madam M.A

### Production Note

***Not all sounds can be always words, words are made from only sounds.***

#### QUESTIONS AND NOTES

- What do you think about this language?
- By the way, is this a kind of language? What do you think?
- Why do you think I'm speaking language?
- I don't speak any words in this work... maybe... maybe not.
- Because... it's just sound... right?

***And all sounds can be music, even if it makes you pain from the inside, even if you think it's a voice from your inside.***

Do you believe the voices of yourselves?

Do you believe that you've lived in the "past", you live "now" and you'll "die" in the future?

Even if it's not true?
